Dear Administrator:

Kinder Morgan, Inc. (KMI) is submitting initial notifications for the above referenced facilities, as required by 40 CFR Part 63, Subpart ZZZZ – National Emission Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines (RICE MACT). Attached to this letter are two notification forms – one for the Huntsman facility and one for the Kimball Junction facility.

The units listed in these notifications are subject to the RICE MACT as amended August 20, 2010 because they are existing stationary SI RICE at a area source of hazardous air pollutants.

If you have any questions or need further information, please do not hesitate to contact me at paula.menten@kindermorgan.com, or 303 914-7819.

Sincerely,

Paula Menten
